

Fall 2006 Pack 73 Roundup

What is Cub Scouting? Pack 73 B.S.A.

Cub Scouting with Pack 73 emphasizes development of personal qualities: character building, outdoor skills, citizenship, fitness, athletics, science, nature, hands-on practical skills, and many others. Cub scouting helps younger boys anticipate and prepare for the even more exciting world of Boy Scouts. Cub Scouting with Pack 73 offers a wonderful framework of activities (both scout and family) for you to get closely involved with your son. Many boys (and parents) especially value their den friendships. We guarantee that long after your young scout has grown up you will both fondly remember your scouting adventure.

The Purposes of Cub Scouting

Since 1930, the Boy Scouts of America has helped younger boys through Cub Scouting. It is a year-round family program designed for boys who are in the first through fifth grade. Parents, leaders, and organizations work together to achieve the purpose of Cub Scouting.

Baden Powell the creator of the scouting movement in 1907 described scouting as “A game with a purpose”.

Our activities strive to achieve the **Aims and Purposes** of scouting in fun ways:

Citizenship Training, Character Development and Personal Fitness

Character Development, Spiritual Growth, Good Citizenship

Sportsmanship and Fitness, Family Understanding, Respectful Relationships

Personal Achievement, Friendly Service, Fun and Adventure, Preparation for Boy Scouts
